Cover letter

Dear Anna and Tranzit:

I would like to thank you and Tranzit for interest in my work. I am very happy to send my portfolio to the Tranzit curators for Manifesta, as I find this year's theme compelling and relevant to my research and practice. I will also gladly provide it for your use in the Manifesta Foundation archive.

In this folder you will find a portfolio of selected works, my profile and CV. Please let me know if you are able to retrieve these materials correctly and in good order.

Thank you again and I look forward to hearing from you soon.

Kind regards from the desert,  
Isak Berbic
